

CK9-SAS Dog Trials

Level 1 Obedience Exercise - Everything is performed on lead.

No 1. Handler will walk forward with the dog heeling by their side.

MAX 5 POINTS

No 2. Slow walk to quick jog (maximum points if the handler can jog) and back to normal walk with the dog heeling in correct position.

MAX 6 POINTS

No 3. On command the handler stops. The dog remains by the handlers side (the dog can remain standing, sitting or in a drop position). The handler will go to the end of the lead, face the dog and on given command change the position of the dog. For example, from standing to sitting, from sitting to drop position.

MAX 5 POINTS

No 4. Dog will heel in a figure eight (twice at normal walk speed).

MAX 5 POINTS

No 5. On command the handler will stop, drop the lead and proceed forward 5 meters. The dog will remain in the position without moving (2 minutes). The handler will be given a signal and recall the dog to the heel side.
